

# Fence Layout Guide

## Special Considerations:

- \*Sections are 6' wide
- \*Cutting down sections may be required
- \*Gates must hinge off heavy gate post
- \*Gates can latch to a heavy gate post (recommended) or regular post
- \*Double gates come with drop rod, 2 hinge sets, and 1 latch
- \*Set gate posts 2" wider to accommodate for swing clearance
- \*Set gate posts 3" wider for double gates (1" on sides and middle)
